§ 247.10 Caseload assignment and administrative funding.

(a) *State agency caseload assignment.*

(1) FNS shall assign caseload to State agencies on December 1 of each year or within 30 days after enactment of appropriations legislation covering the full fiscal year, whichever comes later. In the event appropriations legislation for the year is not enacted by December 1, caseload assignments for the previous caseload cycle shall remain in effect, subject to the availability of sufficient funding, until assignments are made for the current caseload cycle. Any caseload assigned for a period beyond the end of the current fiscal year shall be available only to the extent that program funds are appropriated for the next fiscal year.

(2) To the extent that funds are available, FNS shall assign caseload to State agencies in the following order.

(i) State agencies for the three elderly feeding projects in Detroit, New Orleans, and Des Moines shall be assigned caseload equal to the level of participation for each project in December 1985.

(ii) Currently participating State agencies, except those entering their second cycle of program service, shall receive caseload in amounts equal to the greatest of their total participation of women, infants, and children, and elderly persons (except for caseload equal to the December 1985 level of participation at the three elderly feeding projects) during September, or monthly average participation for the period July through September, or for the prior fiscal year; provided, however, that a State agency shall not receive caseload under this paragraph in excess of caseload assigned for the preceding

caseload cycle. State agencies entering their second caseload cycle of program service shall receive caseload equal to the caseload level assigned for their first cycle of program service.

(iii) Requests from currently participating State agencies to expand service to women, infants, and children, and the elderly, shall be addressed in the following manner. Expansion requests to increase service to women, infants, and children shall receive priority over expansion requests to increase service to the elderly.

(A) State agencies shall be eligible to receive expansion caseload only if, during the preceding September, the period July through September, or the prior fiscal year, their monthly average participation equaled at least 90 percent of their assigned caseload level for the preceding caseload cycle.

(B) State agencies requesting expansion caseload to increase service to women, infants, and children shall be assigned the lesser of an equal share of available caseload or the amount of expansion caseload FNS has determined that the State agency needs and can effectively manage. If any State agencies' shares exceed their approved requests, the excess caseload shall be divided equally among State agencies whose approved requests exceed their shares.

(C) State agencies requesting expansion caseload to increase service to the elderly shall be assigned the lesser of an equal share of available caseload or the amount of expansion caseload FNS has determined that the State agency needs and can effectively manage. If any State agencies' shares exceed their approved requests, the excess caseload shall be divided equally among State agencies whose approved requests exceed their shares.

(iv) Requests from State agencies to initiate program service for women, infants, and children, and the elderly shall be addressed in the following manner. Requests to initiate service to women, infants, and children shall receive priority over requests to initiate service to the elderly.

(A) State agencies with approved State plans incorporating requests for program initiation to provide service to women, infants, and children shall

§ 247.11

7 CFR Ch. II (1–1–04 Edition)

be assigned caseload in the same manner described in paragraph (a)(2)(iii)(B) of this section.

(B) State agencies with approved State plans incorporating requests for program initiation to provide service to the elderly shall be assigned caseload in the same manner described in paragraph (a)(2)(iii)(C) of this section.

(b) *Administrative funding.* This subsection provides the policies and procedures for payment by FNS of funds for administrative costs to participating State agencies and disbursement by State agencies to local agencies. Funds shall be paid to State agencies as specified in § 247.9, Financial Management Systems. As a prerequisite to the receipt of such funds each fiscal year, the State agency shall have executed a written agreement with the Department and shall have received FNS approval of its State Plan.

(1) FNS allocates to each State agency an administrative grant per assigned caseload slot, adjusted each year for inflation.

(2) For fiscal year 2003, the amount of the grant per assigned caseload slot is equal to the per-caseload slot amount provided in fiscal year 2001, adjusted by the percentage change between:

(i) The value of the State and local government price index, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30, 2001; and

(ii) The value of that index for the 12-month period ending June 30, 2002.

(3) For subsequent fiscal years, the amount of the grant per assigned caseload slot is equal to the amount of the grant per assigned caseload slot for the preceding fiscal year, adjusted by the percentage change between:

(i) The value of the State and local government price index, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30 of the second preceding fiscal year; and

(ii) The value of that index for the 12-month period ending June 30 of the preceding fiscal year.

(4) To ensure that State agencies can properly budget for program operations, FNS guarantees that 75 percent of the administrative funding provided

to each State under paragraph (b)(2) of this section will be protected from recoveries during the current fiscal year.

(5) The State agency may retain a percentage of administrative funding for State level use, based on the following formula: 15 percent of the first \$50,000; plus 10 percent of the next \$100,000; plus 5 percent of the next \$250,000. The State may retain a maximum amount of \$30,000 annually for its administrative expenditures. However, if the State agency provides warehousing services, FNS approval may be requested at the beginning of the applicable fiscal year for funds greater than those allowed under the formula, provided that the State agency can document the need and ensure that the increase will not impose undue hardship on local agencies. The remaining funds and any unused funds at the State level shall be distributed to the local agencies.

(6) The State agency, in providing administrative funds to local agencies, shall apportion such funds among the local agencies on the basis of their respective needs so as to ensure that those local agencies evidencing higher administrative costs, while demonstrating prudent management and fiscal controls, receive a greater portion of the administrative funds.

(c) *Reallocation.* FNS reserves the right to periodically recover and redistribute unused caseload slots and unspent administrative funds (subject to the limitation in paragraph (b)(4) of this section). In the event that caseload slots are recovered, they shall be allocated in accordance with the order of funding established in § 247.10(a)(2).

§ 247.11 Administrative costs.

(a) *General.* Funds provided to State and local agencies may be used to cover administrative costs identified under FMC 74-4 which State agencies determine to be necessary to carry out the Program within their jurisdiction.

(b) *Allowable costs.* The following costs are specifically identified as illustrative of costs allowable under the Program:
